

How Can A Family Move Their Profile to Another State?

If a family has moved from one state to another and they do not yet have a profile in the new state*, they can choose to join another institution following the steps below:

1. Log in to your family account.
2. Click on the Family Profile button.
3. Click "Join another Institution" at the bottom left corner.
4. Click the Confirm button.
5. Click the blue "Add another profile" button.
6. Select the new State and Institution and continue with the enrollment process in the new state.
7. The next time you log in, you will need to select which profile you would like to log in as.

*If the family already has a profile in the new state, contact the County office of NDSU Extension for additional guidance.
