

# Field Research Trial Tool

Team Members: Elizabeth Gylden, Isaac Huntington

Sponsor: NDSU REC and Big Data Pipeline

Capstone 2024

Ask us about our:

- ERD
- Change in scope
- Reactive forms

### Our Task

**What:** A full stack webapp that allows users to submit new seed varieties for research trials

**Why:** The previous solution was a google form. This webapp is far more dynamic and work with it is less tedious for both our client and their users.
