

NDSU Graduation Numbers

Each year the number of degrees earned is reported in the order of summer, fall, spring (consistent with federal IPEDS reporting).

Year (summer- fall-spring)	Summer					Fall					Spring					Annual

*Certificates may be granted at the UGRD or GRAD level and are not included in Degree Totals.

Notes:

1. Pharm.D. graduates were reported with graduate student totals for IPEDS federal reporting and were reflected as such in the figures above through Summer 2007. Effective Fall 2007, graduates from the Pharm.D. program are included in the Professional (PROF) category.
2. Graduate (GRAD) totals include degrees awarded at the masters, doctoral and professional doctorate levels, excluding the Pharm.D. degree.
3. Figures above indicate total number of degrees conferred, not headcounts. Some duplication may exist among students who earned more than one degree type.

Key:
