

Nominations for Faculty Awards, 2016-2019

Overall, in the three academic years 2016-17, 2017-18, and 2018-19 the Faculty Awards and Recognition Committee has reviewed 243 nominations for 10 faculty awards (Tables 1 and 2). Awards provide a means to recognize and highlight faculty achievements while demonstrating NDSU's commitment to advancing faculty. Comparing number of nominations by award type, college, and gender may be helpful to units for improving their internal faculty evaluation and recognition processes.
