

3. Percentage of women applicants and interviewed applicants, by college, for 2005-2006

	2005-2006	
	APPLICANTS	INTERVIEWED APPLICANTS
All Searches	17.2%	28.7%
AHSS	53.7%	50.0%
HD & E	100.0%	100.0%
Sci & Math	15.9%	28.6%
Eng & Arch	8.0%	18.8%
Pharmacy	14.3%	33.3%
AFSNR	19.3%	27.3%

In 2005-2006, 17 percent of the applicants in all ranked faculty searches were women, while, 29 percent of the interviewed applicants were women. In the engineering college, even though only 8% of the applicants were women, 19% of the interviewed applicants were women.

- women representation in candidate pools for searches in STEM Colleges (Sci&Math, Eng&Arch, Pharmacy, and AFSNR) are low, but women are invited to on campus interviews in much higher percentages than their representation in the candidate pools.
- In 2005-2006, there were a total of 791 applications of which 136 were women. A total of 94 applicants were interviewed, of which 27 were women.
