IT'S HAPPENING AT STATE

APRIL 21 2010

Published by the Office of the Vice President for University Relations.

Presidential candidates selected for on-campus interviews

The NDSU Presidential Search Committee has selected four candidates to come to NDSU for on-campus interviews starting April 26. The committee interviewed eight candidates Saturday and Sunday, April 10-11. The committee received 29 applications and nominations.

The candidates who are invited to campus are:

Gary Miller, provost and vice president for academic affairs and research at Wichita State University;

Dean Bresciani, former vice president for student affairs at Texas A&M University;

John Gardner, vice president for economic development and global engagement at Washington State University;

and William Ruud, president at Shippensburg University.

Detailed schedules will be posted as soon as they are available at www.ndsu.edu/news/transition.

The committee is scheduled to meet May 13 to select finalists to forward. The committee has been charged with providing the State Board of Higher Education at least three unranked candidates for the board's consideration. Board members are scheduled to interview finalists on May 24.

'SU TV Newscast' schedule set

The student-produced "SU TV Newscast" now has a regular broadcast schedule. The newscast airs on Mondays at 7 p.m. and Saturdays at 10:30 a.m. on the CableOne city of Fargo public access channel 99.

"The students are working hard and learning a tremendous amount about what is involved in producing a television newscast. They are doing a great job, and I am excited that others are now able to watch," said Rich Lodewyk, broadcast program director and lecturer of communication.

According to Lodewyk, the students produce the show on Thursday evenings, with rehearsal at 7 p.m. and final taping at 8 p.m.

"The newscast being shown on the city of Fargo public access channel is a way for the rest of the NDSU campus and the community to see what the Bison Information Network students are doing, and to show the momentum this student organization is gaining," Lodewyk said.

Martinsen family thanks NDSU

To the NDSU community:

Our family would like to express our deep gratitude to all of you at NDSU and the surrounding area for the kindnesses you have extended to our family since the time of the death of our daughter and sister, Sarah Martinsen. You surrounded us with support, phone calls, cards, attendance at the NDSU Memorial and generous donations to the scholarship fund we have established in Sarah's name. It was astounding to see how many people came to celebrate Sarah's life. You can never truly know how much it has meant to us, how it has moved us and strengthened us at this time. Thank you for each gesture you have made to us.

Wayne Martinsen

BBQ Bootcamp to begin

The first BBQ Bootcamp is planned for Saturday, April 24, from 9 a.m. to noon at the Fargo dome. Cost is \$25. To register, contact David Newman at 1-7366 or go to www.ndsu.edu/bbqbootcamp.

YMCA of NDSU Brown Bag set

"Teaching Social Justice Through Children's Books" is set for Tuesday, April 27, from noon to 1 p.m., Memorial Union Arikara room. The event is co-sponsored by Service Learning and Civic Engagement.

Association of the Blind plans Walk-a-Thon at NDSU

The annual "Walk for Vision," is scheduled for Saturday, May 1, at 9 a.m. at the Bison Sports Arena. For more information, contact Allen Peterson at 1-6040.

Transition updates available

For information about the transition to NDSU's 14th president, go to www.ndsu/news/transition.

Public meeting set for bicycle and pedestrian access study

A public input meeting is scheduled for Thursday, April 22, to discuss the NDSU Bicycle and Pedestrian Access Study. The meeting is set for noon to 1:30 p.m. in the Memorial Union, Peace Garden room.

The study, which is being conducted by the Fargo-Moorhead Metropolitan Council of Governments in cooperation with the consulting team of Bonestroo/ALTA Planning and Design, is gathering information about walking and bicycling behavior between the NDSU main campus and the university's downtown facilities.

The study intends to offer short-, medium- and long-term alternatives for the bicycling and walking infrastructure. The study is expected to be completed by fall 2010.

The public input meeting will include a formal presentation of proposed bicycle and pedestrian improvements and a plan for a phased-in approach to making those improvements. The meeting also will include a 45-minute discussion period for questions.

NDSU students and personnel, Fargo residents, business owners, community organizations and any other interested persons are encouraged to attend the public input meeting.

"We are looking for ideas and thoughts for improving bicycle and pedestrian connectivity and convenience," said Bruce Frantz, director of NDSU Facilities Management, noting Fargo recently was named among the top 50 bicycle friendly communities by Bicycling Magazine. "I hope as many interested parties as possible can attend."

For additional information or to provide comments regarding the NDSU Bicycle and Pedestrian Access Study, visit the project Web site at www.fmmetrocog.org.

Pasta manufacturing short course begins 26th year

Twenty participants from U. S. and Japan attended the Pasta Production and Technology Short Course April 13-15 at Northern Crops Institute.

"We have offered this course every year since 1984, and of the participants in this year's course, most of them came from companies that have been represented at the course in the past," says Northern Crops Institute director Brian Sorenson. "Food companies see this course as a good opportunity to increase their personnel's understanding of durum and pasta quality."

In addition to lectures, course participants have an opportunity to gain hands-on experience in the pilot-scale pasta lab where they directly apply what they are learning to the pasta extrusion process. The class also toured Philadelphia Macaroni Co. and North Dakota State Mill, Grand Forks, N.D.

John Crabtree, Northern Crops Institute assistant director, coordinates the short course. Course faculty and technicians are Rachel Brudvik, institute food technologist; Michael Ehr, Buhler Inc.; Radwan Ibrahim, Dakota Growers Pasta Co.; Thunyaporn Jeradechachai, institute crop quality specialist; Dan Maldari,

D. Maldari and Sons; Frank Manthey, NDSU professor of plant sciences; Rilie Morgan, institute processing specialist; Sorenson; Stan Stancyk, NDSU Department of Plant Sciences; and Mehmet Tulbek, institute technical director.

A second pasta short course, Pasta: Raw Materials and Processing Technology, will be offered July 12-16.

Northern Crops Institute supports regional agriculture and value-added processing by conducting educational and technical programs that expand and maintain domestic and international markets for northern-grown crops.

NDSU Libraries introduce virtual tour

A new virtual tour of the main library is available on the NDSU Libraries' Web site. The tour uses photos and text to help patrons locate resources in the main library building. Floor plans of the main library building are also available on the Web site.

The tour also provides information on library services and branch locations. It is available at <http://library.ndsu.edu/research-help/virtual-tour>.

Contact Karen Bjork at karen.bjork@ndsu.edu or 1-7288 for more information.

Extension Center to host All-America Selections garden

This summer, the NDSU Williston Research Extension Center will be home to a special garden. The center has been designated an All-America Selections Display Garden site, which is a public or privately funded garden that grows All-America Selection winner plants from seed in an attractive outdoor landscaped setting.

There are approximately 200 display garden sites around the country and North Dakota hosts three of the sites. The others are located at the NDSU main campus and the International Peace Garden near Dunseith.

"The program has strict criteria that must be met in order to qualify," says Lorna Bradbury, Williston Research Extension Center horticulture research specialist. "For example, we have to allocate garden space to grow and maintain 40 to 55 varieties of plants. We also need access to a greenhouse to start seeds before the plants are transplanted to the garden."

Each year, the program determines winner varieties to add to the list of seeds that may be sent out to the various garden sites. "The program will send us approximately one-third vegetable and two-thirds flower variety seeds that have been designated All-America Selection winners," Bradbury says.

Part of the program's criteria is having the garden open to the public and conducting an open house or field day. The annual field day event is scheduled on July 15. "However, visitors can come at any time to tour the garden," Bradbury says. "Visitors can take a self-guided tour or call ahead to arrange for a guided tour."

DIVERSITY

NDSU holds first annual Green and Golden Globe Awards

The NDSU Division of Equity, Diversity and Global Outreach held the first annual Green and Golden Globe Awards on April 20 in Beckwith Recital Hall. The awards honored students, faculty staff and community members that have contributed to the education of international, multicultural, veterans and Lesbian, Gay, Bisexual, Transgender and Questioning (LGBTQ) students at NDSU.

The Equity and Diversity Center awarded scholarships for the first ever LGBTQ Student Scholarship and the NDSU Student U.S. Veteran Scholarship. The Office of International Programs awarded International Programs Junior and Senior Scholarships and the Wold Student Study Abroad Scholarship. The Office Multicultural Programs recognized the Alliance for Minority Participation Scholarships and, for the first time, the Prem and Raj Jauhar Book Scholarship, the Ram Lal Jauhar Memorial Scholarship and the Office of Multicultural Programs Scholarship. The Tribal College Initiative awarded two Tribal College Initiative Book Scholarships. Students served by those departments who made the 2009 fall dean's list or are 2010 spring and summer graduates also were recognized.

Gates Millennium Scholars and recipients of the Annexstad Family Foundation Scholarships were honored and the President's Diversity Council Impact Award recipient was named.

Green and Golden Globe Awards also were given to groups and individuals from each department within the Division of Equity, Diversity and Global Outreach. Recipients are:

Equity and Diversity Center

Outstanding Student Organization

NDSU Veterans Association

Outstanding Faculty

Christopher Whitsel, sociology, anthropology and emergency management

Outstanding Staff

Erienne Fawcett, women and gender studies

Outstanding Student

Christopher Peltier

Office of International Programs

Outstanding Student Organization

International Students Association

Outstanding Faculty

Eugene Berry, veterinary and microbiological sciences

Outstanding Staff

Matthew Skoy, Memorial Union

Outstanding Student

Nadeesha Bellana

Office of Multicultural Programs

Outstanding Student Organizations

African Students Union and the Black Students Association

Outstanding Faculty

Angela Hodgson, biological sciences

Outstanding Staff

Mary Foschia, Office of International Programs

Outstanding Student

Fabrice Wognin

Tribal College Initiative

Outstanding Student Organization

American Indian Science and Engineering Society

Outstanding Faculty

Wei Lin, civil engineering

Outstanding Staff

Monique Vondall-Rieke, Office of Multicultural Programs

Outstanding Student

Jessica Bowker

Vice-President of Equity, Diversity and Global Outreach

Outstanding Community Members

Honorable Myron Bright

Prem and Raj Jauhar

The Green and Golden Globe Awards will be an annual event sponsored by the Division of Equity, Diversity and Global Outreach. For more information, contact Monique Vondall-Rieke, program coordinator in the NDSU Office of Multicultural Programs, at 1-6179 or monique.vondall@ndsu.edu.

World I View presentation set

Kloberdanz

Timothy J. Kloberdanz, anthropology coordinator, will present a World I View presentation on Thursday, April 29, from noon to 1 p.m. in Memorial Union Century Theater. Titled "A Cultural Odyssey: Germans from Russia in the 21st Century,"

Kloberdanz will share research gathered during the past four decades in countries including the former USSR, Germany, Austria, France, the Netherlands, Mexico and parts of Canada and the United States.

World I View presentations cover international topics and are presented to the NDSU and Fargo-Moorhead community. The Office of International Programs sponsors the presentations.

Earth Day event scheduled

The Association of Students from India have scheduled an Earth Day event, Srishti, Create a Healthy Earth, from Friday, April 23, from 7:15 p.m. to 8:15 p.m., at NDSU Festival Concert Hall.

Srishti will feature theatrical mime, skits, Indian Bharatanatyam dancing, and other world dances. The event will call attention to Earth Day themes and provide tips on how to help the community.

"We want to provide an awareness among the NDSU students and community about the importance of protecting our environment and having harmony with nature," said NDSU student Sooraj Mattappadan.

PEOPLE

'Celebration of Faculty Excellence' set for May 6

Elias

Four outstanding faculty members will be honored at the annual "Celebration of Faculty Excellence," scheduled for Thursday, May 6, at 3 p.m. in the NDSU Alumni Center.

Elias Elias, J.F. Carter Durum Wheat Breeding and Genetics Endowed Professor, will receive the Waldron Award for Excellence in Research; James Clifton, assistant professor of accounting practice, was chosen for the Odney Award for Excellence in Teaching; and Jeanne Frenzel, assistant professor of pharmacy practice, was selected for the Peltier Award for Innovation in Teaching. Also to be recognized is Dennis Cooley, associate professor of philosophy and ethics, who was selected for the Chamber of Commerce NDSU Distinguished Professorship Award. The NDSU Development Foundation sponsors the Odney, Waldron and Peltier Awards.

"NDSU is blessed with great faculty," said Craig Schnell, provost and vice president for academic affairs. "The competition for these excellent awards this year was especially keen. With each award, there were at least four very qualified nominees."

Elias receives the Waldron Award, which was established to recognize outstanding faculty research. In a letter of nomination, Ken Grafton, dean of agriculture, food systems and natural resources and director of the North Dakota Agricultural Experiment Station, wrote "Dr. Elias has made consistent and excellent research contributions in durum wheat research and scholarship that directly address the needs of North Dakota agriculture. His impact in plant breeding and genetic research has been felt worldwide."

Clifton receives the Odney Award, which has been presented since 1972 in honor of the late Robert Odney, a former Fargo businessman and longtime supporter of NDSU. A total of 34 students, faculty members and former students nominated Clifton for the honor. They lauded his interactive class sessions and real world learning situations.

"He pushes his students to do their best in class," wrote Chelsey Swanson, a senior in the accountancy program, noting Clifton has received seven Accounting Professor of the Year awards from the NDSU Accounting Club. "Professor Clifton has touched the lives of many students at NDSU."

Frenzel receives the Peltier Award, which was established by Joseph and Norma Peltier to recognize outstanding innovation in teaching.

Donald Miller, chair of pharmacy practice, wrote Frenzel is the coordinator for the Thrifty White Concept Lab, a licensed pharmacy to teach students through the curriculum. "Dr. Frenzel is a master at coordinating the multiple activities going on in each

lab section," he said. "She has excelled in continuously developing innovative educational activities for the lab."

Frenzel and her colleagues obtained a grant from the National Association of Boards of Pharmacy/American Association of Colleges of Pharmacy to purchase electronic medical record software. Miller said Frenzel uses online video clips via Blackboard where pharmacy students were filmed asking for self-care recommendations for over-the-counter products. In addition, she also has used podcasts in her teaching.

Cooley will be recognized as the Chamber of Commerce Distinguished Professor. In a letter of nomination, John Cox, professor and head of history, philosophy and religious studies, said Cooley is recognized as a caring, rigorous and entertaining teacher. "Committed. Intellectually rigorous. Affable. Articulate. Widely read and conversant. Consistent. Work ethic to beat the band. Pillar of the department. Pardon the sentence fragments – but I want to drive home the point that Dennis Cooley is a rare property among academics," Cox wrote.

Gronland receives 2010 Gunkelman Award

Cathy Gronland, a lead food service worker at the Hoagie Hutt in the Memorial Union, was selected to receive the prestigious Mary McCannel Gunkelman Recognition Award. She was honored during a ceremony April 14 in the NDSU Alumni Center.

"I'm overwhelmed. I'm just amazed, but I'm just doing my job," said Gronland. "I really enjoy the students. I love them – that's why I'm here. I never expected this."

The annual award was established in 1987 to recognize the student or employee who has made the most significant and unselfish contributions to creating a happy environment for the enjoyment of NDSU students. Gronland was lauded for her rapport with students and her efforts to create a friendly environment for workers and customers.

In a nomination letter, student Theekshana Jayakody called Gronland "the most cheerful person working in the Union Dining Center."

In another nomination letter, Dining Services employee Mary Marto wrote Gronland attends student activities, and often posts photographs of the events on the bulletin board in her area. "She rewards her students for attendance/excellent work ethics by holding a drawing. She contributes the money for the drawing that the students win," she wrote.

Gronland was selected from a group of 30 nominees. Others considered for the honor include Judith Ary, senior lecturer of health, nutrition and exercise sciences; student Jace Beehler; Mary Bradshaw, Union Dining Center; Letha Cattanach, Department of Criminal Justice and Political Science; Tammy Cummings, Information Technology Services; Dana Davis, College of Pharmacy, Nursing, and Allied Sciences; Linda Dearing, Union Dining Center; Edward Deekard, professor of plant science; Marilyn Dowdy, Office of International Programs; student Emily Eltgroth; Judy Erikson, Office of Admission; Faysal Fahs, lecturer of agribusiness and applied economics; Linda Granrud, Market Place Grill; student Lauren Hedman; Pamela

Hommen, College of University Studies; Sarah Hunter, Sevrinson Hall director; Norma Kiser-Larson, associate professor of nursing; Ronda Klubben, Department of Health, Nutrition and Exercise Sciences; Becky Loney, Residence Life; Bradley Mohs, Thompson Hall director; Carol Nelson, School of Education; Laura Oster-Aaland, Orientation and Student Success; Priscilla Schlenker, Department of Electrical and Computer Engineering; Bo Severson, Residence Life custodial supervisor; Michele Sherman, Department of English; Milka Singha, Department of Civil Engineering; Shelly Swandal, Department of Agribusiness and Applied Economics; Gene Wagner, Residence Life custodian; and Alan Zuk, assistant professor of plant sciences.

EVENTS

Association of the Blind plans Walk-a-Thon at NDSU

The annual "Walk for Vision," which helps support the work of North Dakota Association of the Blind, is scheduled for Saturday, May 1, at 9 a.m. at the Bison Sports Arena.

Allan Peterson, a familiar and active figure on the NDSU campus, is the group's legislative liaison and has served as one of the organization's presidents. He says the walk-a-thon is a method of creating awareness among the general public about the capabilities and the needs of people with sight loss. "We'd love to have as much participation as possible," he explained. "Our association doesn't have the resources that many other organizations enjoy; all of our work is done by volunteers. So, the money we raise goes directly to what we do to help people with sight loss."

Educated at the University of Minnesota, Peterson came to NDSU in 1977 as a veterinary diagnostician and researcher. But, he soon was diagnosed with retinitis pigmentosa, a degenerative eye disease that causes progressive deterioration of the retina. His peripheral vision progressively narrowed and he was determined to be "legally blind" by 1982.

Blindness has not slowed down Peterson. He has an office in the Main Library, and has completed much of the course work needed for a graduate degree in statistics. His many activities include chairing the North Dakota Disabilities Advocacy Consortium and serving as president of Handi-Wheels Transportation Services in Fargo. He is active in the American Council of the Blind, and hopes to eventually serve on that organization's board of directors. In addition, he has run as a candidate for the North Dakota State Legislature, served a number of terms on the church council for St. John Lutheran Church of Fargo, was board president for the Horace Lions Club and a board member and chair for the North Dakota Human Rights Coalition.

"I do a lot of work for people with disabilities. That's where many of my efforts are directed. I like to help people – it's the nature of how I was brought up and my outlook on life," said Peterson, who was raised on a dairy farm near Alexandria, Minn. "I know the value of work. I have the ability and the obligation to be a leader."

The Walk-a-Thon project is near to his heart. The event raises funds so adults who have experienced sight loss can go to a

week-long summer camp at Camp Grassick on Lake Isabelle near Dawson, N.D. "We offer classes on the adjustment to blindness, as well as information classes that are beneficial to people who are new to blindness. It's our signature event, and about half of the money we raise goes to offset camp expenses," Peterson said, noting that the funding also supports seminars, the association's annual convention and training people who have lost their sight to use new technology.

NDSU athletic director Gene Taylor is honorary chair of the Walk-a-Thon. "It's been my pleasure to work with Allan and his volunteers for this very important cause," he said. "Allan's goal is to grow this walk in numbers of participants so more people can understand the challenges those with sight loss face. I would like to encourage as many people as possible to remember this date, and participate to support individuals like Allan, who have lost their sight or are losing their sight."

For Peterson, the project holds a message of hope.

"I find North Dakotans very understanding and they want to help. But, they are not always aware of the capabilities and capacities of people with disabilities," Peterson said. "People with sight loss can be very good employees. They contribute to society, and they can be leaders."

Peterson is a great example of that.

He and his wife, Judy, have three children, who are all graduates of NDSU. Daughter Lisa is a veterinarian, while sons Neil and Kurt are electrical engineers.

For more information on the Walk-a-Thon, contact Peterson at 1-6040.

NDSU BBQ Boot Camps begin

NDSU faculty from the animal science department and Extension Service have teamed up to offer BBQ Boot Camps throughout the state. The first camp is planned for Saturday, April 24, from 9 a.m. to noon at the Fargodome. Participants will learn about different cuts of meat and ways to grill them.

The camps will cover grilling methods including smoking and cooking with gas and charcoal. Instructors will describe the merits of various meat cuts and explain how cooking temperatures, humidity and the composition of the meat from different animal species can affect barbecuing success. Participants also will learn about nutrition, food safety and techniques such as using rubs, marinades and seasonings.

Faculty will share some information on current topics in the pork, beef and lamb industries and report on related research, teaching and Extension activities at NDSU.

The sessions include a full meal that gives participants a change to sample a large variety of barbecued meat.

The registration fee is \$30 for individuals and \$50 for couples. The fee includes a binder with recipes and a meat thermometer.

Go to <http://www.ndsu.edu/bbqbootcamp> or contact RaeAnn Berg at 1-7641 or raeann.berg@ndsu.edu For more information or to register.

Safe Zone training session set

A Safe Zone training session is planned for Thursday, April 29, from 9 a.m. to 11 a.m. in the Memorial Union Rose room.

Safe Zone is a program that educates participants about sexual orientation and gender identity. During the training session, participants will learn about the history of the program at NDSU, coming out, heterosexual privilege, homophobia and how to be an ally.

The sessions are open to all members of the campus community. Registration is not required. For more information, contact Angela Mathers, graduate assistant in the Office of Equity, Diversity, and Global Outreach, at angela.m.mathers@ndsu.edu or 1-5729.

McNair Scholars Research Forum planned for April 22-23

The NDSU community is invited to the 21st annual McNair Scholars Research Forum on Thursday, April 22, and Friday, April 23, from 10 a.m. to 3:30 p.m. in the Alumni Center Reimers room. The event is open to the public. Each McNair Scholar will give a presentation lasting approximately 30 minutes. The schedule is:

Thursday, April 22

Sammie Nguyen, "Patient Rationale for Contraceptive Selection," 10 a.m.

Fredice Quenum Zangbede, "Physical Assessment in Pharmacy," 10:30 a.m.

Dion Cox, "Test Station and Electronic Load for Photovoltaic Panels," 11 a.m.

Camille Jorgenson, "Supranutritional Selenium During Pregnancy Increases Ovine Mammary Gland Vascularity," 11:30 a.m.

Landon Johnson, "Memory and Memorial: Influence and Impact of the National Holocaust Museum," 1 p.m.

Louis Sirota, "Defined Architecture," 1:30 p.m.

Sylvie Munezero, "Compliance of Management of Diabetes with Burundi's in FM Area," 2 p.m.

Mohamed Ahmed, "Beclin-1 Dependent Inhibition of Autophagy," 3 p.m.

Friday, April 23

Evelyne Niyonzima, "Satisfaction of New Americans and Refugees with Healthcare Services in Fargo," 11:30 a.m.

John Fielding, "Packrat Middens as Paleoenvironmental Indicators in North Dakota," 1 p.m.

Owen Romo, "Witchcraft in Early Modern Europe," 1:30 p.m.

Kit Wong, "Replication Protein A," 2 p.m.

Garrett Brunell, "Infrastructure Assessment and Rehabilitation," 2:30 p.m.

Jason Brunell, "How Global Warming and Macro Physiology Affect Stress Response in Short and Long Lived Bird Species," 3 p.m.

NDSU students plan Luau

NDSU students majoring in dietetics have planned a full-service, casual dining opportunity on Tuesday, April 27, and Thursday, April 29, from 11 a.m. to 12:15 p.m. in the Family Life Center, room 312.

The Hawaiian Luau includes watermelon and cantaloupe salad drizzled with mint vinaigrette, sweet and sour chicken skewers over a bed of almond coconut infused rice and a lime parfait.

Reservations are recommended and can be made by calling 1-7474. Students also will prepare "to-go" meals. The cost of the meal, including a beverage, is \$7. Cash or checks will be accepted. Customers also can purchase a punch card for \$20, which is good for three meals.

Quarter Century Club to welcome new members

The Office of Human Resources/Payroll will sponsor the annual Quarter Century Club new members recognition dinner on Tuesday, May 4, in the Alumni Center. A social begins at 6:30 p.m., followed by dinner at 7 p.m. The event honors employees who have been employed at NDSU for 25 years.

New members are: Dogan Comez, mathematics; James Council, psychology; John Crabtree, Northern Crops Institute; Larry Czichotzki, facilities management; Kathleen Fischer, Agricultural Experiment Station veterinary diagnostic services; Trent Gilbery, Agricultural Experiment Station animal sciences; Janice Glatt, accounting, finance and information systems; Gary Goreham, sociology, anthropology and emergency management; Marcia Hellandsaas, Extension county programs; Robert Herren, agribusiness and applied economics; Mark Herz, facilities management; Wanda Keller, Agricultural Experiment Station animal sciences; Jeffrey Kubik, Agricultural Experiment Station Dickinson Research Extension Center; Steve Martens, architecture and landscape architecture; Phil McClean, plant sciences; Connie McNamara, NDSU Bookstore; Sudhir Mehta, office of vice president for academic affairs; Robert Nudell, Agricultural Experiment Station plant sciences; Ann Nyren, Agricultural Experiment Station director's office; Robert O'Connor, English; Nancy Olson, Distance and Continuing Education; Linda Parmer, veterinary and microbiology sciences; Dale Redmer, animal sciences; Larry Reynolds, animal sciences; Donna Rice, purchasing; Paul Rokke, psychology; Cynthia Saar, modern languages; Craig Schnell, vice president for academic affairs; Kevin Sedivec, School of Natural Resources; Rosalyn "Bo" Severson, residence life; Mark Sheridan, biological sciences; Terry Skunberg, Agricultural Experiment Station animal sciences; Ronald Smith, plant sciences; Joel Susag, dining services; Andrew Swenson, Extension agribusiness and applied economics; Beth Tacke, Agricultural Experiment Station veterinary diagnostic services; and Kathleen Tweeten, Extension Center for Community Vitality.

Tickets are \$18. Reservations are requested by Wednesday, April 28, to the Office of Human Resources/Payroll, SGC H102, 1919 N. University Drive or Dept. 3140, PO Box 6050, Fargo, N.D. 58108-6050. For more information, contact Kate Fluge at 1-6293.

Retirement reception planned for Kloberdanz

Kloberdanz

The NDSU Department of Sociology, Anthropology, and Emergency Management is planning a retirement reception for Timothy Kloberdanz, associate professor of anthropology, on Thursday, April 29, from 1 p.m. to 2:30 p.m. in the Memorial Union Meadow room. The reception will follow his World iView presentation from noon to 1 p.m. in the Memorial Union Century Theatre.

Kloberdanz first came to NDSU in August 1976. He has co-written three books and published more than a hundred journal articles and essays. He also has received many honors and awards, including the Joseph S. Height Literary Award, the North Dakota Governor's Award for the Arts, Distinguished Service Awards from the American Historical Society of Germans from Russia and the North Dakota Humanities Council, and the Outstanding Teacher Award from the College of Arts, Humanities, and Social Sciences.

From 1990-93, Kloberdanz served as the chair of the Department of Sociology and Anthropology. He currently is the anthropology program coordinator at NDSU. Kloberdanz plans to retire May 15.

Correction

In last week's article titled "Accounting faculty publish paper," the photograph of Peggy Andersen was incorrect.

In last week's article titled "NDSU faculty showcase work," Fu-Chih Cheng was incorrectly listed as a graduate student. He is a faculty member in the statistics department. The name of the journal also was incorrect. The article appeared in Life Sciences Education.

CALENDAR

APRIL

21 YMCA of NDSU Brown Bag – "Female Executives and Professionals – Gender Issues on the Job," noon to 1 p.m., Memorial Union Arikara room. Co-sponsored by Service Learning and Civic Engagement.

21 Environmental and Conservation Sciences Green Bag – "The Effect of Single Wall Carbon Nanotubes on E. Coli Viability," Tu Thi Anh Le, noon to 1 p.m., Memorial Union Hidatsa room

21 Recycling Shakespeare, an Earth Day Birthday Celebration! – "Hamlet," a film featuring Ethan Hawke, 7 p.m., Memorial Union Century Theater. A discussion with English faculty Verena Theile, Miriam Mara and Eunice Johnston will follow.

21 Student Recital – Alysse Hoge, soprano, 7:30 p.m., Beckwith Recital Hall. Free admission.

22 Recycling Shakespeare, an Earth Day Birthday Celebration! – Cosgrove Seminar, "Thinking Ecocritically," Linda Helstern and students from English 336 (Literature and the Environment), 9:30 a.m. to 11 a.m., Sudro 26

22 Recycling Shakespeare, an Earth Day Birthday Celebration! – "Brush Up Your Sonnets! Recite from memory and win." 11:30 a.m. to 1:30 p.m., Memorial Union Gallery

22 Sisterhood Circle – "Celebration of Mother Earth Day – Earth Economics: Agricultural Contributions Asian/Pacific Islander Women, 1 p.m., Memorial Union Rose room

22 Recycling Shakespeare, an Earth Day Birthday Celebration! – "Reflections on Writing 'Undiscovered Country: A Novel,'" Lin Enger, director of creative writing at MSUM, 2 p.m. to 3:30 p.m., Alumni Center Atrium. Book signing and Shakespeare birthday cake to follow.

22 Recycling Shakespeare, an Earth Day Birthday Celebration! – "Shakespeare in Performance, State and Screen: 'The Merchant of Venice,'" Verena Theile, Robert O'Connor and students from English 380 (Shakespeare), 3:30 p.m. to 6 p.m., Alumni Center Atrium

22 Chemistry and Molecular Biology seminar – "Crystal Engineering Covalent Bonds," Leonard R. MacGillivray, associate professor of Chemistry at The University of Iowa, Iowa City, 4 p.m., Dunbar 152
