

HEALTH INSURANCE REMINDERS FOR NEW INTERNATIONAL STUDENTS

Why is health insurance important?

Having health insurance protects you and your ability to study here by helping pay medical expenses. Health insurance provides coverage to help you obtain services to prevent illness, and it also provides coverage for ongoing minor or serious conditions, in addition to injuries from unforeseen, sudden accidents or illnesses. Because of the importance of having insurance, students in F and J visa status in the State of North Dakota are required to purchase the mandated insurance plan through UnitedHealthcare StudentResources.

I need to see a doctor... What should I do?

If you are sick, you must first visit NDSU's Student Health Service (SHS) in the Wallman Wellness Center. To schedule, call 701-231-7331 or use the Student Health Portal. Your student account will be charged a \$30 co-pay.

What if the SHS is closed - or I have an emergency?

In these special situations, do not delay care. You may visit other off-campus providers but must return to SHS for follow-up care. You must bring your insurance card.
