

How to apply for the Accelerated Master's Program in Mechanical Engineering

Admission Requirements:

(Required at the time of application)

Must have completed 75 credits towards the BS degree in Mechanical Engineering.

Must possess a cumulative GPA of at least 3.25.

Must be admitted into the professional program in Mechanical Engineering.

Application process:

1. Complete the **Accelerated Bachelor's to Master's Degree Program Petition** form found under "Appeals and Exceptions": <https://www.ndsu.edu/onestop/forms>
2. Apply to the Graduate School: <https://www.ndsu.edu/gradschool/>
 - a. **Deadlines to apply:**
Spring admission: **Nov 15** Fall admission: **June 30**
 - b. Admission to the Graduate School is conditional with the minimum condition being the completion of the BS degree in Mechanical Engineering.
 - c. No undergraduate courses satisfy Graduate Program requirements.
 - d. A maximum of six (6) credits of 600-level elective courses can be applied to both the undergraduate and graduate programs in Mechanical Engineering.
 - e. Students must meet all of the requirements normally expected of a student enrolled in the MS program.
 - f. Graduate courses will be subject to the graduate tuition rate and are not included under the tuition cap.
3. When the Graduate Application process is completed, a graduate profile will be created allowing matriculation in graduate level courses.

Note: A substitution form is required for the 600-level courses to officially apply to the BS degree. This is submitted after the applicable class(es) has/have been enrolled in or completed.
