NDSU SON Vision Statement: The School of Nursing is a national leader, positively impacting the health of society through excellence in nursing education, research, practice, and service.

NDSU SON Mission Statement: To advance nursing knowledge and develop dynamic nurse leaders who improve the health of all people, including underserved, rural, and diverse populations.

Through commitment to the following Core Values, we promote excellence in nursing education, research, practice, and service:

• Professionalism – We are committed to professionalism as foundational to nursing practice. Professional nursing encompasses integrity, respect, collegiality, autonomy, inter-professional collaboration, and ethical practice.
• Caring – We are committed to caring for the needs of all people with sensitivity and compassion in a holistic manner. Caring is central to nursing practice.
• Service – We are committed to the people of North Dakota by providing high quality nursing programs to promote the health of the state’s citizens. We provide nursing expertise and service at the University, state, national, and international levels.
• Scholarship -- We are committed to discovering and disseminating new knowledge and using nursing scholarship to practice evidence-based care. As a practice profession and an academic discipline, nursing is an art and science.
• Quality – We are committed to improving healthcare quality and patient safety through our excellence in education, research, and practice.
• Social Justice – We are committed to promoting equity, fairness, and honoring the dignity and diversity of students, faculty, staff, and the people we serve.
• Learning – We are committed to facilitating reflective, active, and life-long learning by providing engaging, dynamic, and innovative educational environments.

The School of Nursing fosters the achievement of outcomes necessary to develop dynamic nurse leaders who improve the health of all people. Undergraduate outcome categories are critical thinking, communication, professional values, clinical competence, and leadership. Graduate outcome categories are clinically expert practice, quality improvement, organizational systems, technology, interprofessional collaboration, and translational knowledge.
BACCALAUREATE PROGRAM OUTCOMES

The curriculum of the North Dakota State University baccalaureate nursing program prepares graduates to demonstrate:

Clinical Competence

1. Utilize the nursing process to provide nursing care for healthy, unhealthy, or potentially unhealthy human responses of individuals, families, groups, or communities.
2. Evaluate and utilize research findings, theories, and clinical practice guidelines in the performance of evidence-based nursing practice.

Critical Thinking

3. Synthesize theoretical and empirical knowledge from the nursing, behavioral, social and natural sciences, and the arts and humanities to provide professional nursing care at an entry level of practice.
4. Employ critical thinking for decision-making in clinical practice.

Communication

5. Collaborate with the healthcare team as well as individuals, families, groups, and communities to provide patient centered care that promotes wellness, accelerates healing, and prevents disease in all stages of life.
6. Model effective, interactive communication on the interprofessional team.
7. Use information and healthcare technologies to plan and provide patient centered care.

Professional Values

8. Demonstrates responsibility and accountability for ongoing professional development.
10. Advocate for patient rights through incorporation of professional values, ethical principles, and legal principles.

Leadership

11. Manage nursing activities, utilize leadership skills in the delivery of comprehensive, evidence-based, patient centered care with respect for humanity and uniqueness of others.
12. Participate in the quality improvement of care to enhance safe, quality, and cost-effective healthcare.
13. Demonstrate knowledge of the nurse’s role in shaping healthcare policy.
DOCTOR OF NURSING PRACTICE PROGRAM OUTCOMES

The curriculum and program outcomes of the North Dakota State University Doctor of Nursing Practice program align with the Essentials for Doctoral Education in Advanced Practice (AACN, 2006) in nursing and prepares graduates to:

1. Demonstrate clinically expert practice in prevention and intervention that leads to improving the health of individuals, families, communities, and populations. (E1, E4, E7, and E8).

2. Evaluate outcomes of practice and incorporate best evidence in quality improvement methodologies. (E3).

3. Translate knowledge from nursing science, ethics, social, biological, and other sciences to benefit practice effectiveness and the health of individuals, families, communities, organizations, and populations. (E1).

5. Use technology (information and patient care) to enhance nursing practice for improvement of quality and efficiency of care. (E4).

6. Collaborate with other health disciplines and with makers of policy (public and institutional) to create and implement policy and practices that promote accessibility to healthcare and work toward elimination of health disparities. (E5, E6, and E8).
The outcomes of the baccalaureate program in nursing were derived from the mission, vision, and core values of the SON. Professional nursing standards and guidelines used in development of the curriculum and in formulation of school policies were Essentials of Baccalaureate Education for Professional Nursing Practice (AACN, 2008) (http://www.aacn.nche.edu/education-resources/BaccEssentials08.pdf), Quality and Safety Education in Nursing (AACN, 2009) (http://qsen.org/competencies/pre-licensure-ksas/), and Core Competencies for Interprofessional Collaborative Practice (Interprofessional Education Collaborative/ IPEC, 2011) (http://www.aacn.nche.edu/education-resources/ipecreport.pdf). The curriculum follows state requirements of the North Dakota Board of Nursing.
The assessment and evaluation plan for the SON is comprehensive, ongoing, and systematic. The assessment and evaluation plan focuses on two areas: (1) student outcome assessment and enhancement, and (2) program evaluation including governance, curriculum, student services, faculty, and resources. Assessment data measures the educational impact of the SON curriculum on student outcome achievement. The assessment and evaluation plan provides information used for program and curricular improvement, for decisions regarding the allocation of financial resources, and for demonstration of accomplishment of the SON’s mission for professional accreditation.

The assessment and evaluation plan is designed using the CCNE Standards for Accreditation. The plan comprehensively and systematically, over a three-year period, provides for periodic review of the SON mission and outcomes; evaluation of SON governance and resources; curricular evaluation; and student outcome assessment.

Each key element of the plan is assigned to a committee or administrator relative to their area of expertise and responsibility. In the fall of each academic year, key elements to be evaluated that year are distributed to appropriate committees/individuals. The assigned committee or individual is responsible to: collect and analyze data; propose recommended changes based on findings; present data and recommendations to faculty at SON meetings; and, follow-up on recommended changes.

All key elements are based on an academic year with the exception of key element IV-E which is based on a calendar year.
PROFESSIONAL GUIDELINES FOR NDSU
DOCTOR OF NURSING PRACTICE EDUCATION IN NURSING

The outcomes of the doctor of nursing practice program in nursing are derived from the mission, vision and core values of the SON and the following professional guidelines:

## Evaluation and Promotion Criteria for Practice

### Differentiation of Practice Positions

Revised 5-1-2019
This template reflects NDSU Policy 331.1 Course Syllabus and University Senate Academic Affairs Committee Minimum Information for Syllabi Accompanying Course Proposals (http://www.ndsu.edu/univsenate/acadaffairs/syllabi/). Additional elements required by the College of Health Professions are also included.

Syllabi for General Education courses must identify the course as having been approved for meeting General Education requirements and include the general education category and outcomes for which course is approved. For more information, see General Education Course Syllabi Requirements at http://www.ndsu.edu/univsenate/ged/syllabi/.

**Syllabi on Web Pages** Syllabi presented on web pages shall contain the date of last update.

### General Course Information Bulletin Description

**Bulletin Description**  
This description must match the course description in the current NDSU Bulletin.

**Course Overview**  
*(Optional)*

**Course Objectives**  
State the objectives, goals, aims, and/or outcomes for the course.

**Required Student Resources**  
List books, library readings, lab manuals, websites, software, calculators, or whatever else the student will need to complete the requirements of the course.

**Methods of Instruction**  
Face-to-face, online, blended, simulation, clinical practicum, lecture etc.

**Syllabus Modification**  
The syllabus may be changed at the discretion of the faculty. Students will be directly notified of any changes made.

### University Policies

**Attendance Statement**  
According to [NDSU Policy 333](www.ndsu.edu/fileadmin/policy/333.pdf), attendance in classes is expected.

Veterans and student service members with special circumstances or who are activated are encouraged to notify the instructor as soon as possible and are encouraged to provide Activation Orders.

**Americans with Disabilities Act for Students with Special Needs**  
*Any students with disabilities or other special needs, who need special accommodations in this course, are invited to share these concerns or requests with the instructor and contact the Disability Services Office (www.ndsu.edu/disabilityservices) as soon as possible.*
**Academic Honesty Statement**
The academic community is operated on the basis of honesty, integrity, and fair play. [NDSU Policy 335: Code of Academic Responsibility and Conduct](https://www.ndsu.edu/academichonesty) applies to cases in which cheating, plagiarism, or other academic misconduct have occurred in an instructional context. Students found guilty of academic misconduct are subject to penalties, up to and possibly including suspension and/or expulsion. Student academic misconduct records are maintained by the **Office of Registration and Records**. Informational resources about academic honesty for students and instructional staff members can be found at [www.ndsu.edu/academichonesty](http://www.ndsu.edu/academichonesty).

**Instructional Continuity Plan for Disruption of Classroom Activities/Individual Medical Conditions**
See [College of Health Professions Policy 3.10](https://www.ndsu.edu/healthprofessions/college_information/policy_manual/) for more information. In the event classroom time is interrupted, faculty will use Blackboard to communicate with students.

Students with a medical condition should contact the course instructor regarding accommodations.

**Title IX and Violence/Harassment**
Title IX makes it clear that violence and harassment based on sex and gender are Civil Rights offenses subject to the same kinds of accountability and the same kinds of support applied to offenses against other protected categories such as race, national origin, etc. If you or someone you know has been harassed or assaulted, you can find the appropriate resources here:

- NDSU Title IX Coordinator: Canan Bilen-Green, Old Main 201, Phone: 701-7708, ndsu.eoaa@ndsu.edu
- Rape and Abuse Crisis Center: 317 8th St N, Fargo, ND 58102 · (701) 293-7273
- Abused Adult Resource Center: Bismarck, ND (701) 223-8370 or the 24-hour crisis line 1-866-341-7009

</tr>
</tbody>
</table>

*Students must achieve a minimum cumulative grade AND exam grade average of C (75% or greater) to pass/progress.*

**OPTIONAL STATEMENT** *The grade you earn is the grade you will receive. Additionally, when assigning final letter grades, I will round to the nearest whole percentage point. For example, 91.5% rounds up to 92%. However, a score of 91.49% rounds to 91.*

### Teaching Load Guidelines

**Teaching Load** is based on academic credit hours where 1 credit = 15 hours student contact time and includes the sum of: 1) Didactic and clinical/practicum instruction, 2) Graduate student research/scholarship supervision, and 3) Undergraduate student advising.

A 50% workload effort in teaching is equivalent to, on average, 20 hours per week (based upon a 40-hour workweek).

<table>
<thead>
<tr>
<th>Minimum Expectations</th>
<th>9 Month Faculty</th>
<th>12 Month Faculty</th>
</tr>
</thead>
<tbody>

</tr>
<tr>
<td></td>
<td>85%</td>
<td>26 credits = 390 hrs</td>
</tr>
<tr>
<td></td>
<td>90%</td>
<td>27 credits = 405 hrs</td>
</tr>
</tbody>
</table>

**Classroom Contact Time Equivalencies**

- **1 hr Classroom Contact time** = 1 hr Discussion = 1 hr Seminar = 1 hr Recitation = 2 hr Labs
- **0.75 hr Classroom Contact time** = 1 hr TWCP Lab = 1 hr Nursing Skills/Assessment Lab
- Public Health Poster Mentor = 1 hr/poster group + 2 hr

**Qualifiers**

* Max: 2 x credit

- Large (>60) Face-to-Face Class or New Course (1st time taught) - 1.5 x credit
- Online course = 1.75 x credit

---

### Clinical / Practicum Instruction

- **Pharmacy:**
  - IPPE I = 0.75 credits / rotation
  - IPPE II = 1 credit / rotation
  - APPE = 1.5 credits / rotation; International APPE = 2 credits / rotation
  - NDSU Pharmacy Resident Rotation/Project Preceptor = 0.5 credit / rotation

- **Nursing:**
  - DNP = 1 credit/rotation
  - Clinical Supervision - Patient / Population care: 1 hr = 0.75 hr classroom contact time
  - Clinical Supervision - Public / Community Health = 1 credit / 15 - 20 students
  - Nursing Clinical Coordinator = 1 credit
  - Nursing Practicum Preceptor = 1 credit / student group

- **Allied Sciences:**
  - Coordinator for Allied Sciences Internships = 1 credit/semester

---

### Student Research / Scholarship Supervision

- **PSCI Ph.D. student = 2 credits / student / semester**
- **PSCI Post-Doctoral student = 1.5 Credits / Post-Doc / semester**
- **PSCI Ph.D. Dissertation Committee**
  - Chair = 1.5 Credits/student
  - Member = 0.75 Credit / student
- **BSN-DNP Student Dissertation Committee:**
  - Chair = 0.3 credits
  - Member = 0.15 credits

---

### Advising

<td>4.5 credits</td>
</tr>
<tr>
<td>&gt; 120 advisees</td>
<td>6 credits</td>
</tr>
</tbody>
</table>

2/8/17
### RESEARCH / SCHOLARSHIP

**Minimum Expectations**
- Conduct independent and/or collaborative research leading to discovery of new knowledge
- Prepare and submit grant proposals as PI or co-PI
- Conduct tasks and fulfill obligations in awarded projects
- Prepare and submit manuscripts for publication and conference proceedings
- Publish books, monographs, and book chapters
- File patent applications or invention disclosures
- Present research findings at regional, national, international conferences

**Research Productivity Minimum Standards**
- TBD

**Grant Activity Teaching Release**
- Pro-rated up to 75% teaching load buyout

### SERVICE

**Minimum Expectations**
- A 10% workload effort in service is equivalent to, on average, 4 hours per week (based on a 40-hour workweek). Service activities include service to the department, college, and university as well as service to the profession, public, and clinical practice site.

**NTT/TT: 10%**
- Serve on 1 service intensive Department, College, or University committee (e.g. Curriculum Committee, Assessment Committee, Animal Facility In-charge, Common Used Equipment In-charge, Microscopic Facility in-charge or one that requires 2 or more hours of effort per month on a regular basis throughout the year).
- OR-
- Serve on 2 Department, College, or University Committees not listed above

**Clinical Practice Service Qualifier**
- Service to the Clinical Practice Site (Pharmacy Practice) = 25% Distribution of Effort

### Administration

UNDERGRADUATE STUDENT ADVISING GUIDELINES

Courses which must be finished prior to application to nursing program are
- English Composition II – 3 credits (ENGL 120)
- Sociology or Anthropology – 3 credits (SOC 110 or ANTH 111)
- Psychology – 3 credits (PSYC 111)
- Speech – 3 credits (COMM 110)
- Microbiology & lab – 3 credits (MICR 202/202L)
- Chemistry & lab – 4 credits (CHEM 117/117L)
- Biochemistry – 4 credits (BIOC 260)

(minimum of 8 credits in three science courses – with preference given to those students having completed 11 credits or more; A&P courses may be substituted for chemistry courses—student must complete the five science courses with labs prior to enrollment in NURS 342)

To be admitted a student must have completed 27 credits with minimum cumulative and selective GPAs of at least 2.75

Courses which must be completed prior to enrollment in NURS 342 are
- Anatomy & Physiology I & lab – 4 credits (BIOL 220/220L)
- Anatomy & Physiology II & lab – 4 credits (BIOL 221/221L)
- Developmental Psychology (PSYC 250 or HDFS 230)
- Nutrition (HNES 250)

CHP 190 is required for all students who enter NDSU with less than 24 semester hours of credit.

For purposes of admission to the nursing program a selective GPA is computed using grades on courses which must be completed prior to application to the nursing program (listed above).

Of the courses which must be completed prior to admission to the nursing program (listed above) there can be no more than three re-takes. This includes all repeated courses whether taken at NDSU or at another institution.

For purposes of admission to the nursing program all courses taken anywhere except courses which were repeated are used in computation of the cumulative GPA.

All courses taken at NDSU (except courses which were repeated at NDSU) are used in computation of the cumulative GPA at NDSU.

60 semester hours must be completed prior to beginning NURS 342. Included in these 60 credits are courses in nutrition, developmental psychology (life-span development), all required natural sciences (see list above), NURS 240, 250, 251, 252, and 360. Courses taken to meet cultural diversity or global perspectives graduation requirements may also meet requirements in other general education categories.

---

1 If A & P are substituted for chemistry as program prerequisites, basic chemistry and biochemistry must be completed prior to enrollment in NURS 342
Mathematical competency of at least the MATH 103 level (placement test above MATH 103.104) or currently enrolled in MATH 103) is required for CHEM 117. Students who need MATH 99/MATH 102 may not be able to meet prerequisites for admission to nursing in two semesters. MATH 103 taken at NDSU does not meet the Quantitative Reasoning requirement. See bulletin for courses which meet this requirement. (MATH 103 taken at another institution does meet the NDSU Quantitative Reasoning requirement).

An upper level composition course is required for graduation.² Students who need ENGL 110 will need 12 credits in the communication category.

See the current Pre-Licensure Student Handbook for sample curriculum, admission, progression and other student policies for pre-licensure students and for LPN to BSN student’s admission, progression and other student policies.

² Effective for students admitted after July 1, 2007. Students admitted prior to that time need only ENGL 110 and ENGL 120.

NEW FACULTY ORIENTATION

Orientation to the University is facilitated by the Office of Academic Affairs and occurs prior to the start of classes in the fall. Orientation to the Nursing School will be facilitated by the Associate Dean or Director, the mentor assigned to the new faculty, by the administrative assistant and others as deemed appropriate.

ACADEMIC HONESTY MISCONDUCT

Academic Standards
The academic standards of the College of Health Professions differ from those of the University. Any student who fails to meet or exceed the University standards may be placed on University probation or suspension (see the current NDSU Bulletin for university information on academic deficiencies).

Semester Grade Point Average (All Students): To be in good academic standing within the College, all undergraduate and professional students shall maintain a semester grade point average of 2.00 or above for each semester enrolled in the College of Health Professions. All graduate students are expected to maintain a 3.0 grade point average as well as any other academic policies outlined by the graduate school.

Any student who fails to attain a semester GPA of 2.0 or above may be placed on College warning or probation. Students who have been placed on academic warning or probation for two (2) consecutive or three (3) non-consecutive semesters shall be suspended from enrollment in the College. After two suspensions, students will be terminated from the College. (Termination from the College does not prohibit the student from registering elsewhere in the University provided the academic standards of the alternate college of registration have been met or exceeded.)

A student who is suspended and desires readmission into the College must file a request for re-admittance with the Senior Associate Dean at least 60 days prior to the beginning of the semester in which readmission is sought. In addition, professional students must seek readmission to the professional programs in Pharmacy, Nursing, and Allied Sciences through the Admissions Committee of their respective program.

Minimum Grade Requirement (Professional Students): To be in good academic standing within the College, all students enrolled in the professional programs of the College must complete all required courses within the College with a grade of "C" or above. Students are encouraged to refer to program-specific policies related to minimum grade requirements which can be found in the College Policy Manual at: http://www.ndsu.edu/pharmacy/college_information/policy_manual/. Graduate students are expected to uphold policies and procedures consistent with the graduate school and to maintain a 3.0 grade point average.

Students Enrolled in College Affiliated Educational Training Programs (Professional Students): To be in good academic standing within the College, all students enrolled in College affiliated internships, clinical, or experiential training programs are also required to uphold the academic standards of that affiliate and will be subject to the terms of probation, suspension, and termination of the affiliated program. Students failing to meet affiliated program academic standards may also lead to termination from the College.
Examples of unprofessional conduct include, but are not limited to, the following:

**Academic Misconduct:**
1. Cheating, includes but is not limited to, the following:
   a. The receipt, possession, or use of any material or assistance not authorized by the instructor in the preparation of papers, reports, examinations, or any class assignments to be submitted for credit as part of a course or to be submitted to fulfill College requirements.
   b. Arranging to have others take examinations or complete assignments (i.e., papers, reports, laboratory data, or products) for oneself, unauthorized collaborating with another student on individual assignments, or doing academic work for another student.
   c. Stealing or otherwise improperly obtaining, unauthorized copies of an examination or assignment before or after its administration, and/or passing it onto other students.
   d. Copying, in part or in whole, exams or assignments that will be kept by the instructor and are handed out in class only for review purposes.
   e. Knowingly submitting a paper, report, presentation, examination, or any class assignment that has been altered or corrected, in part or in whole, for reevaluation or re-grading, without the instructor’s permission.
   f. Misrepresenting your attendance or the attendance of others in a course or practical experience where credit is given and/or a mandatory attendance policy is in effect.
   g. Plagiarism: Submitting work that is, in part or in whole, not entirely the student’s own, without attributing such portions to their correct sources. Unauthorized collaboration with another students and representing it as one’s own individual work is also considered plagiarism. Ignorance is NOT an excuse.
   h. Fabrication: falsifying data in scientific/clinical research, papers, and reports.
   i. Aiding or abetting dishonesty: Knowingly giving assistance not authorized by the instructor to another in the preparation of papers, reports, presentations, examinations, or laboratory data and products.
2. Utilization of a false/misleading illness or family emergency to gain extension and/or exemption on assignments and tests.
3. Violation of any IRB and/or University research processes.

**Form may be found at:**

See following page for sample form.
This form shall be filed in accordance with Section 335 of the NDSU Policy Manual to report cases of academic misconduct. See Section 335 for a full description of procedures and the appeals process.

Date of Report: __________________________
Student Name/ID: __________________________ Student Major: __________________________
Subject & Catalog Number of Course: __________________________ Term & Year: __________________________

Instructor's Signature __________________________ Date __________________________
(original signature required) Instructor's Printed Name __________________________

Description of Academic Misconduct:

Description of Penalty:

Submit copies of this form to: student, chair/head of the instructional staff member’s primary department, or program director of interdisciplinary program. The chair or program director must submit copies to the dean of the college of the student’s primary major, dean of the instructional staff member’s primary college, Registrar, and Provost/VPAA. In a case of graduate student academic misconduct, also copy the Dean of the College of Graduate and Interdisciplinary Studies.
PROFESSIONAL MISCONDUCT

Conduct Standards
High standards of professional conduct are expected from all students, both to facilitate the learning of all students and to promote professional values. Individuals are expected to represent the College, professional program, or profession in a positive, professional manner. Students conducting clinical experiences, rotations, and/or internships must also uphold the specific policies of their clinical site.

All students are held responsible for exhibiting the following professional attributes: honesty, integrity, accountability, confidentiality, and professional demeanor. Academic dishonesty and professional misconduct are unacceptable. If there is doubt about whether or not academic or professional conduct is appropriate, individuals should query the Dean’s Office.

Examples of unprofessional conduct include, but are not limited to, the following:

Professional Misconduct
1. Violation of conduct described in course policies or articulated by the instructor in writing.
2. Violation of any code of ethics of the profession in which the student is enrolled.
3. Contributing to, or engaging in, any activity which disrupts or obstructs the teaching, research, or outreach programs of the College or University, on campus or at affiliated training sites.
4. Entering the classroom or clinical experience habitually late or leaving early, arriving late to a professional activity, without prior permission from the instructor. The instructor also has the obligation to notify the class, if possible in advance, of any changes in class times, possible late arrival, and/or cancelled classes.
5. Approaching faculty, staff, or students in less than a professional manner and treating faculty, staff, peers, and patients in a disrespectful and inconsiderate way (i.e., addressing a faculty member without the appropriate title during professional activities). Respect and consideration are also expected when addressing a faculty member, staff, student, or patient that chooses to be called by their first name.
6. Failure to deal with professional, staff, and peer members of the health care team in a considerate manner and with a spirit of cooperation.
7. Unprofessional dress (as outlined in the professional program, class and/or clinical agency policies) during classes, clinical experiences, or when representing the College of Health Professions.
8. Bringing family members, guests, and pets to the classroom or any professional academic activities without prior consent of the instructor.
9. Falsifying applications, forms, documents, reports, or records of any kind or providing false information to the University personnel prior to admission to the College, or while an active member of the College’s academic programs.
10. Unauthorized accessing or revealing of confidential information about faculty, staff, or students of the College and University.
11. Violation of patient respect and confidentiality in any practice/learning setting.
12. Theft, damaging, defacing, or unauthorized use of any property of the College, University, or training sites.
13. Computer Usage that violates NDSU/NDUS and/or clinical sites acceptable use policies.
14. Sexual harassment as defined by NDSU, NDUS, and/or clinical sites.
15. Harassment, Threats of Violence, Intent to do Harm (NDSU, NDUS)
16. Endangering patients, faculty, staff, and/or fellow students or damaging their property.
17. Intoxication, abuse, possession, use, and/or illegal sale of alcohol, drugs, chemicals, firearms, explosives, or weapons within the University campus, in any practice/learning setting, or when representing the College.

18. Any violation and/or conviction of any federal, state, or municipal law as well as a University rule or rule at a professional experience site.

19. DUI & DWI (driving under the influence or driving while intoxicated) is considered by the College as improper behavior, and any individual violating this law is required to undergo an alcohol/drug evaluation.

The Professional Misconduct Reporting form may be found on your blackboard page.

Log onto Blackboard
On the right-hand side, there should be a list of your organizations (My Org)
You should click on NDSU College of Health Professions
Then there should be a “Professional Misconduct Reporting Form” for you to click on.

See following page for sample Professional Misconduct Reporting Form
Professionalism Misconduct Reporting Form
NDSU College of Pharmacy, Nursing, and Allied Sciences

Please check box(es) below indicating the nature of the unprofessional misconduct as stipulated in College Policy 3.01.

☐ Violation of conduct described in course policies or articulated by the instructor in writing.
☐ Violation of any code of ethics of the profession in which the student is enrolled
☐ Contributing to, or engaging in any activity which disrupts or obstructs the teaching, research, or outreach programs of the College or University, on campus or at affiliated training sites.
☐ Entering the classroom or clinical experience habitually late or leaving early, arriving late to a professional activity, without prior permission from the instructor.
☐ Approaching faculty, staff, or students in less than a professional manner and treating faculty, staff, peers and patients in a disrespectful and inconsiderate way (i.e. addressing a faculty member without the appropriate title during professional activities).
☐ Failure to deal with professional, staff, and peer member of the healthcare team in a considerate manner and with a spirit of cooperation.
☐ Unprofessional dress (as outlined in the professional program, class and/or clinical agency policies) during classes, clinical experiences, or when representing the College of Pharmacy, Nursing, and Allied Sciences.
☐ Bringing family members, guests, and pets to the classroom or any professional academic activities without prior consent of the instructor.
☐ Falsifying applications, forms, documents, reports or records of any kind or providing false information to the University personnel prior to admission to the College, or while an active member of the College’s academic programs.
☐ Unauthorized accessing or revealing of confidential information about faculty, staff, or student of the College and University.
☐ Violation of patient respect and confidentiality in any practice/learning setting.
☐ Theft, damaging, defacing or unauthorized use of property of the College, University, or training sites.
☐ Computer Usage that violated NDSU/NDUS and/or clinical sites acceptable us policies.
☐ Sexual harassment as defined by NDSU, NDUS, and/or clinical sites.
☐ Harassment, threat of violence, intent to do harm (NDSU/NDUS)
☐ Endangering patients, faculty, staff, and/or fellow students of damaging their property.
☐ Involuntary, illegal, possession, use and/or illegal sale of alcohol, drugs, illegal firearm, explosives or weapons within the University campus, in any practice/learning setting, or when representing the College.
☐ Other

Document Observed Behavior
