PAYMENT – SPECIFIC CHARGES

All payments made towards a student account will first be applied towards tuition and mandatory student fees unless the student (or authorized payor) explicitly indicates that the payment should be applied to a specific student account charge. The instructions below outline how to make a general payment towards the student account with no specific charge in mind.

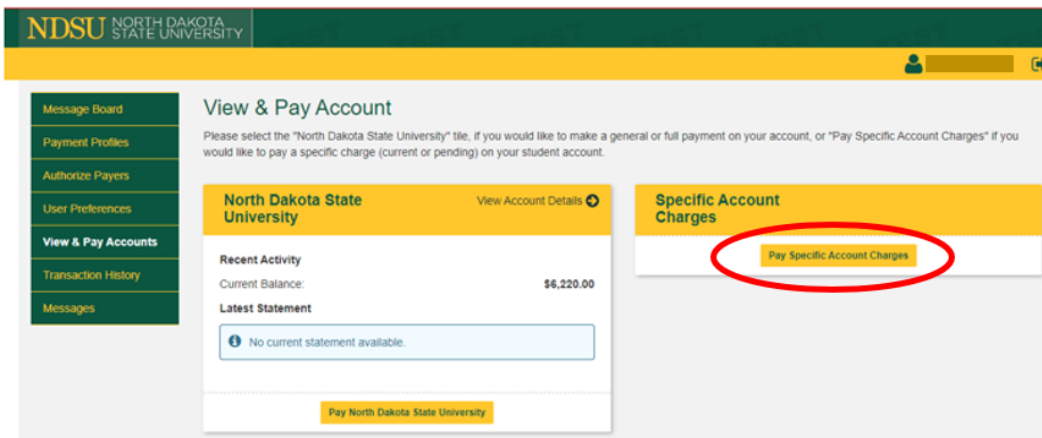

1. Log in to **Campus Connection** and click on the **Financial Account** tile.

2. Click on **Pay Online Now** and select **NDSU**. You will then be routed to the online payment portal, Nelnet.

3. Students will automatically be directed to the **View & Pay Accounts** module within Nelnet. Within this screen, click on the **Pay Specific Account Charges** button.

Note: If you select the Pay North Dakota State University button a general payment will be made towards your student account with tuition and student fees being paid first.

4. In the **Enter Payment Amount** screen, select the type of charge you wish to pay in the **Account Type** field, enter the payment amount and select a payment method, following all required prompts to complete the transaction.

Enter Payment Amount

Please key in the dollar amount you wish to pay. Do not use the dollar (\$) symbol in this field.

Required fields are marked with an *

Payment Amount
