NHSC Intro Course Update

Sponsored by NDSU INBRE

The INBRE faculty are making final preparations for the first Public Health specific course to be offered through NHSC this fall semester. The course will include a hybrid learning environment with both on-campus lectures and online. The goal of the course is to introduce students to the interdisciplinary field of Public Health as it applies to Indian Country. Topics the course will discuss include:

- Overview of Public Health
- 10 Achievements of Public Health and How they Relate to Indian Country
- Community-Based Participatory Research
- Erionite, Heavy Metals and Ground Water, and Human Health
- Food, Environment, and Health
- Indigenous Food Systems
- Comparing and Using Different Types of Data Collection

This course kicks off on Tuesday, August 21st at 2PM on the NHSC campus in New Town. For more information about the course, please contact Lori Alfson at lalfson@nhsc.edu or the INBRE Project Manager at pearl.walker@ndsu.edu.

SURP Report Available

SURP 2018

The survey results and feedback from SURP 2018 are in! Staff have aggregated student responses into a report to help improve the structure and curriculum for the program. You can access this report by requesting it from the INBRE Graduate Assistant and haimanot.berhane@ndsu.edu or visiting the NDSU INBRE website.

Welcome back students!
