THE YELLOW AND THE GREEN

Ho! A cheer for Green and Yellow,
Up with Yellow and the Green;
They're the shades that deck our prairies
Far and wide with glorious sheen,
Fields of waving green in springtime,
Golden yellow in the fall -
How the great high-arching heaven
Looks and laughs upon it all!

The lyrics for "The Yellow and the Green" were written in 1908 by NDAC faculty member Archibald E. Minard with music provided by fellow NDAC professor Clarence S. Putnam. Both professors are remembered today with buildings on the NDSU campus in their names.
