L. State Staff Senate by Diane Axness – Don Morton attended last meeting. He was very receptive of the information. They talked about holidays, professional development ($1000 when Chapman was here), wellness incentives, and a tuition waiver across the university system. What Don brought up was is it a campus issue or a state board issue? Also, the human resource council met and they are looking at broadbanding. Diane reminded us that SSS meets every second Monday of every month at 2:30pm. Good discussion amongst us followed. Some points brought up were: How do we get our voices heard? Isn’t Don supposed to be our liaison? Where do we go from here? Can we formulate questions for Elizabeth to bring to the president’s cabinet to be heard? Can we bring up more agenda items at the State Staff Senate meetings to bring up issues (Diane reported that the president of the SSS which is currently someone from Bismarck State College makes up the agenda herself)? Diane thinks we should have 3 reps on the state board from SSS (one from research institutions, one from 2 year institutions,
and one from 4 year institutions) as each of these institutions has different things going on that should be represented. Question was asked in regards to extra holiday time—Has not celebrating a holiday been brought up (not all employees have the same religious beliefs)? Colette said in the past the legislature has to do the holiday stuff so the board would have to bring up holiday stuff to legislature. Alissa wants Diane to find out who made the Williston decision for them to be closed the week after Xmas (Diane reported this). Should we invite Don to one of our senate meetings? Do all campuses have tuition waiver? – Colette mentioned that this was a retention tool for NDSU because you could make more money elsewhere but people stay here for the discount for their kids so if not all campuses have it for their own employees, might be hard to get one that allows our dependents to go to any NDUS school. It was mentioned that NDUS employees get this benefit.

Action items- Ask about having the 3 representatives like Diane stated, have better agenda structure for State Staff Senate meetings so items can be brought up from each campus, and can we look into the tuition waiver. Colette thinks bringing in someone to explain the structure of the legislature, board, chancellor, etc. and what each can do for us would be beneficial. It was mentioned that possibly Chris Wilson would know this well enough to explain it. Staff Development committee will follow up on this.
