

Staff Senate Membership Report for 2018-2019

We held steady all year with 48 senators! We had two that resigned late spring 2019 but that was much better than last year's resignations.

We tried to relay a few messages to our current staff senators to get them to help with recruitment. At one meeting, I read a list of Staff Senate accomplishments so that senators could have some information to go on.

During Elections, we had a few that decided not to re-nominate but we were able to elect a few new ones so as of May 2019 we have 46 senators. A postcard was sent out to 6000 and 7000 bands in April letting them know that there was still time for nominations.

Eleven Senators had terms ending. Four of those were re-nominated. One Senator had another year left but resigned due to workload and needing a break from Staff Senate. We elected eight new senators and had them attend a New Senator Orientation prior to their first general meeting.

We will continue to recruit. Announcements will continue to be made at the general meetings and the Election committee can keep in touch with Human Resources for new hires.

We have plenty of paper for the name placards so I do not foresee buying anything for this position.

Carin Engler

NDSU Staff Senate Membership Officer
