## **HOW TO FIND THE CORRECT BUS:**

**Step 1.** Look up bus routes on <a href="https://matbus.com/routes">https://matbus.com/routes</a>

**Step 1a.** Search through the routes and their stops until you find the pick-up and drop-off locations that you need.

**Step 1b.** Click on that route and look at pick-up and drop off times so you know when to be at the stops. You can also see a picture version of the route.

## **HOW TO RIDE BUS**

Step 1. Go to bus stop. Try to be there about 5 minutes early as the buses tend to be a bit early or a bit late as they

run through their stops. There will either be a shelter with a bus stop sign

or just a sign near where the bus will be picking you up. They look like this:

**Step 2.** Get onto your bus. Make sure to have your student ID ready in case you need to swipe it. The number of the bus will be on the front and back of the bus

on an electronic destination sign.

**Step 3**. Once you are on the bus, listen for your stop. There will be a voice announcing each stop about 30 seconds before you get there. There is also a screen inside of the bus that will flash the next stop as the voice says it aloud.

**Step 4**. Once you hear/see your stop, tell the bus driver to stop there by pulling on the yellow string lining each side of the bus. You will hear a little ding and see a sign at the front of the bus that lights up red and says "STOP REQUESTED"

**Step 5.** Once the bus driver stops, exit through the middle door on the bus.

Matbus also offers instructions on their website with a how-to video:
